## **5. Use of customer data for direct marketing**

### **5.1. Sending the e-mail newsletter to existing customers**

If you have provided us with your e-mail address when purchasing goods or services, we reserve the right to regularly send you offers for similar goods or services to those already purchased from our range by e-mail. ## 8. Duration of storage of personal data

The duration of the storage of personal data is determined by the respective legal basis, the purpose of processing and - if applicable - additionally by the respective statutory retention period (e.g. retention periods under commercial and tax law).

When processing personal data on the basis of express consent in accordance with Art. 6 para. 1 lit. a GDPR, this data is stored until the data subject withdraws their consent. If there are statutory retention periods for data that is processed within the scope of legal or similar obligations on the basis of Art. 6 para. 1 lit. b GDPR, this data will be routinely deleted after the retention periods have expired, provided that it is no longer required for contract fulfillment or contract initiation and/or we no longer have a legitimate interest in further storage.

When processing personal data on the basis of Art. 6 para. 1 lit. f GDPR, this data is stored until the data subject exercises their right to object in accordance with Art. 21 para. 1 GDPR, unless we can demonstrate compelling legitimate grounds for the processing that outweigh the interests, rights and freedoms of the data subject, or the processing serves to assert, exercise or defend legal claims.

Unless otherwise stated in the other information in this declaration on specific processing situations, stored personal data will be deleted when it is no longer necessary for the purposes for which it was collected or otherwise processed.

## 9. Our social media presence

**This privacy policy applies to the following social media sites**

- **Instagram:** <https://www.instagram.com/sarahfreisedistribution/?hl=de>

### **Data processing by social network operators**

We maintain publicly accessible profiles in social networks. The individual social networks we use are listed below.

Social networks such as Instagram can generally analyze your user behavior comprehensively when you visit their website or a website with integrated social media content (e.g. like buttons or advertising banners). Visiting our social media presences triggers a variety of data processing operations. Below we provide you with an overview of which of your personal data we collect, use and store when you visit our profiles.

#### **In detail:**

When you visit our profiles, your personal data is collected, used and stored not only by us, but also by the operators of the respective social network. This happens regardless of whether you are logged in to your social network or not, or even if you do not have a profile on the respective social network. In this case, this data collection takes place, for example, via cookies that are stored on your end device or by recording your IP address.

With the help of the data collected in this way, the operators of the respective social network can create user profiles in which your preferences and interests are stored. In this way, interest-based advertising can be displayed to you within and outside the respective social network. We would like to point out that social networks also process data based on your usage behavior within the respective platform or your other usage behavior on the Internet. If you have an account with the respective social network, interest-based advertising may be displayed on all devices on which you are logged in or have been logged in.

Please note that the individual data processing operations and their scope are not necessarily traceable for us. These differ depending on the operator of the respective social network. For details on the collection and storage of your personal data as well as the type, scope and purpose of its use by the operator of the respective social network, please refer to the terms of use and privacy policies of the respective operator.

#### **Legal basis**

Data processing in the context of our social networks is intended to improve the user experience when visiting our fan pages in line with the target group and to ensure the most comprehensive presence possible on the Internet. The legal basis for data processing is therefore a legitimate interest within the meaning of Art. 6 para. 1 lit. f GDPR. The analysis processes initiated by the social networks may be based on different legal bases, which must be specified by the operators of the social networks (e.g. consent within the meaning of Art. 6 para. 1 lit. a GDPR).

#### **Controller and assertion of rights**

If you visit one of our social networks (e.g. Instagram), we are jointly responsible with the operator of the respective social network for the data processing operations triggered during this visit. You can assert your rights (information, rectification, erasure, restriction of processing, data portability and complaint) both against us and against the operator of the respective social network (e.g. Instagram).

Please note that, despite the joint responsibility with the social media portal operators, we do not have full influence on the data processing operations of the respective social network. Our options are largely determined by the corporate policy of the respective provider.

#### **Storage period**

The data collected directly by us via the social networks will be deleted from our systems as soon as you ask us to delete it, revoke your consent to storage or the

purpose for data storage no longer applies. Stored cookies remain on your end device until you delete them. Mandatory statutory provisions - in particular retention periods - remain unaffected.

We have no influence on the storage period of your data that is stored by the operators of social networks for their own purposes. For details, please contact the operators of the social networks directly (e.g. in their privacy policy, see below).

### **Your rights**

As a data subject affected by data processing, you have the rights set out in section 7 of this privacy policy.
